Ex Parte Quayle

This application is in condition for allowance except for the following formal matters:

The drawing amendment filed January 29, 2007 is objected to under 35 U.S.C. 132(a) because it introduces new matter into the disclosure. 35 U.S.C. 132(a) states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: there has been no disclosure of a device as shown in newly added Figure 12 that includes the radio frequency wires (labeled 428).

Applicant is required to cancel the new matter (including the associated description in the specification) in the reply to this Office Action.

This same objection was presented in the previous Office action of March 2, 2007, and applicant is required to cancel the newly added subject matter of Figure 12 in response to this action. Applicant's cancellation of claims containing recitation directed towards the new matter has obviated the earlier 35 USC 112, first paragraph rejection. Currently pending claims 1, 22, 23 and 26-29 are deemed allowable.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
